

Free Bus Passes for August 2010

Community Action's free Topeka Transit Bus Pass Program has been expanded for the month of August. Passes will be available starting August 2, 2010.

Individuals seeking transportation to and from medical treatment, as well as those who depend on public transportation to travel to and from their employment or vocational training site now can qualify for the free passes. Applicants must be 18 years of age or older.

In addition, applicants must meet income guidelines set at or below, 200 percent of the Federal poverty level (for example, a family of three would need to earn less than \$36,620 a year; a family of four, \$44,100). To check income eligibility, go to: <http://www.cactiontopeka.com/> and click on program income guidelines.

Due to limited availability, applicants must call Community Action's Swygart Center at 235-9296 to be placed on an acceptance list. All applicants will be required to provide proof of current employment or vocational training, household income for the past 30 days, and Social Security numbers of all household members. Applicants must also complete the agency Consumer Intake Form and show a picture ID. One pass may be acquired every six months, as long as the supply lasts. On acceptance, passes may be picked up at Community Action's Swygart Center, 621 SE Swygart; Topeka, KS.

For more information on this program, contact Wendy Coonrod at 235-9296 or wcoonrod@inlandnet.net

This program is made possible through funds provided by the Kansas Housing Resources Corporation and the federal Community Services Block Grant and 2009 American Recovery and Reinvestment Act.
